1. Syllabus Overview --

This syllabus covers the institute description, objectives, resources, expectations, prerequisites, and assignments. Please read the syllabus thoroughly, making note of important dates and expectations. If you have questions, please contact one of the two names listed above.

2. Description –

The First Year Instructors' Institute aims to prepare full-time instructors, instructional aides, and program directors who have been hired since January 1, 2009 to be effective teaching in, assisting in, and supporting organized, scheduled adult basic education classes. By completing the prerequisite online course, Introduction to Adult Education, participants will learn how local Kentucky

adult basic education programs fit into the statewide program and how the statewide program fits into the national program. In face-to-face meetings and distance learning, they will learn intake and orientation approaches that get adult learners engaged and off on the right foot for success in the program. They will become familiar with standardized tests used to identify instructional needs and assess educational progress, with formative assessment techniques, with effective instructional strategies, and with instructional methods appropriate for adults with learning disabilities. Following the face-to-face meetings, participants will develop a classroom project in which they will apply strategies learned in the meetings, and the results of those projects will be shared at a project showcase.

3. Learning Objectives –

Participants will:

- Be able to design an intake and orientation process that supports student persistence
- Know how to administer state approved standardized tests and use results to plan instruction
- Analyze appropriate test questions for potential student gaps.
- Participate in cooperative learning groups for specific purposes.
- Learn and practice using current best teaching practices.
- Design mini-lessons to meet content learning gaps.
- Study and practice “think aloud” learning strategies.
- Understand the differences among learning disabilities, learning difficulties, and learning differences.
- Identify the characteristics and consequences of learning disabilities.
- Recognize the legal implications of serving adults with learning disabilities.
- Discover sources for referrals and resources for adults with learning disabilities.

4. Resources –

- NRS Online Training at <http://www.nrsweb.org/trainings/online.aspx>
- Interim online training at www.literacywithoutlimits.org
- *A Handbook for Classroom Instruction that Works* – Marzano, Norford, Paynter, Pickering, & Gaddy, Association for Supervision and Curriculum Development, 2001 (provided)
- Institute Handbook
- Wimba Webinar – This Webinar will require a computer and, ideally, a microphone and headset, both of which were distributed to all programs by KYAE. If enrollees do not have a microphone and headset, they can participate with only a computer and its

built-in microphone. Please check for the equipment at least one week in advance of the scheduled Webinar. Complete directions will be sent one week prior to the scheduled session.

5. Expectations –

Because KYAE has invested significant public funds in supporting this institute, attendance is expected during the full schedule (beginning time to adjournment) of all face-to-face meetings. In order to maximize the content of the institute, participants are expected to also complete all additional components – advance work, interim work, classroom projects, and observation. If a serious situation, such as illness, prevents attendance at any session, participants are asked to notify Rebecca Nelson at 606-783-2026 in advance of the scheduled session.

6. Weather Policy – First, check the Angel/KYVAE course for information. If you still have a question about a weather cancellation, call Connie Spencer-Ackerman at 606-776-3652 **by 7:00 a.m.** on the morning of the scheduled session.

7. Prerequisites – KYAE200: Orientation to Adult Education

8. Institute Design -- The institute will be an extended experience, combining face-to-face workshops, demonstrations of instructional strategies, distance learning, classroom application, and an opportunity to receive feedback from an instructional coach.

9. Activities, Assignments, and Dates/Deadlines –

Note: Because of the limited number of rooms available at state park lodges, it is important to make lodging reservations as soon as possible. Ask for the adult education/state rate.
